Please type your name and other personal information into the system correctly. Check the information in your uploaded file.

Submission Instructions

1. Click the link in your invite email to access the verification web page for the DAC online collection.

2. Enter in your access key that was given to you at registration. If you don't have one, following the instructions on the site to obtain a registration key.

3. Click the submit button after you enter you access key. You will be directed to a secure submission site which contains your submissions.

4. Read the instructions and scroll down to the title(s) of your presentation(s).

5. Select the title for which you want to upload a file and it will take you to the instruction and upload pages.

6. Follow the instructions on each page. Be sure to click "Conclude" to complete your submission.

7. To navigate around the submission form, use the "Submission Control Panel" (left side of form).

To make edits or check your submission

- Use the link above and navigate using the "Submission Control Panel" on the left side of the submission form.

- To check the file you uploaded, click the "Confirm" link in the Submission Control Panel. Your file should be listed on this page. If your file has not been successfully uploaded, you will be unable to select the "Confirm" link.
